

## **Teleblend to provide Replacement VoIP Service for SunRocket**

Oakland, CA July 19/PRNewswire-FirstCall/ -- Teleblend, Inc. (<http://www.myteleblend.net>), a national provider of residential and commercial Voice over Internet Protocol (VoIP) phone services, today announced it has signed an agreement with an organization managing the closure of SunRocket, Inc. to present SunRocket subscribers with a replacement VOIP phone service at reduced monthly cost.

Under terms of the agreement, Teleblend will waive all regular start up costs associated with its residential service plans and provide reduced cost monthly service starting at \$12.95 to all Sunrocket customers. Teleblend will offer service to 200,000 + Sunrocket subscribers via an email and voicemail campaign recommending they transition their service to Teleblend immediately to avoid service interruption.

"Teleblend is excited about the opportunity to provide service to displaced Sunrocket customers." said Teleblend Chairman and CEO Bill Fogg. "Teleblend can offer the Sunrocket customers a seamless transition of their VOIP service with not down time and a quick and easy sign up process. SunRocket subscribers will be able to pay a low monthly rate to keep their VOIP service working smoothly. We would like assure former SunRocket customers that we have a solution for them that is painless, low cost, and trouble-free, all from a company who understands financial responsibility, quality customer service, and the advanced network architecture required to efficiently offer VOIP services."

Teleblend is a privately held, privately funded, profitable Voice-Over-IP phone service provider offering service in all 48 states.

For more information, SunRocket customers should go to <http://www.myteleblend.net> or call Teleblend toll free at 877-252-4548
